"Time to get up Louis it's your first day at Busi Bodies today"

Louis goes to the nursery in his mummy's car

He feels a little bit frightened and gets upset

When Louis gets to the door he remembers how much fun he had when he came with mummy and Sammy

Louis hangs his coat up on a special peg with his name on it

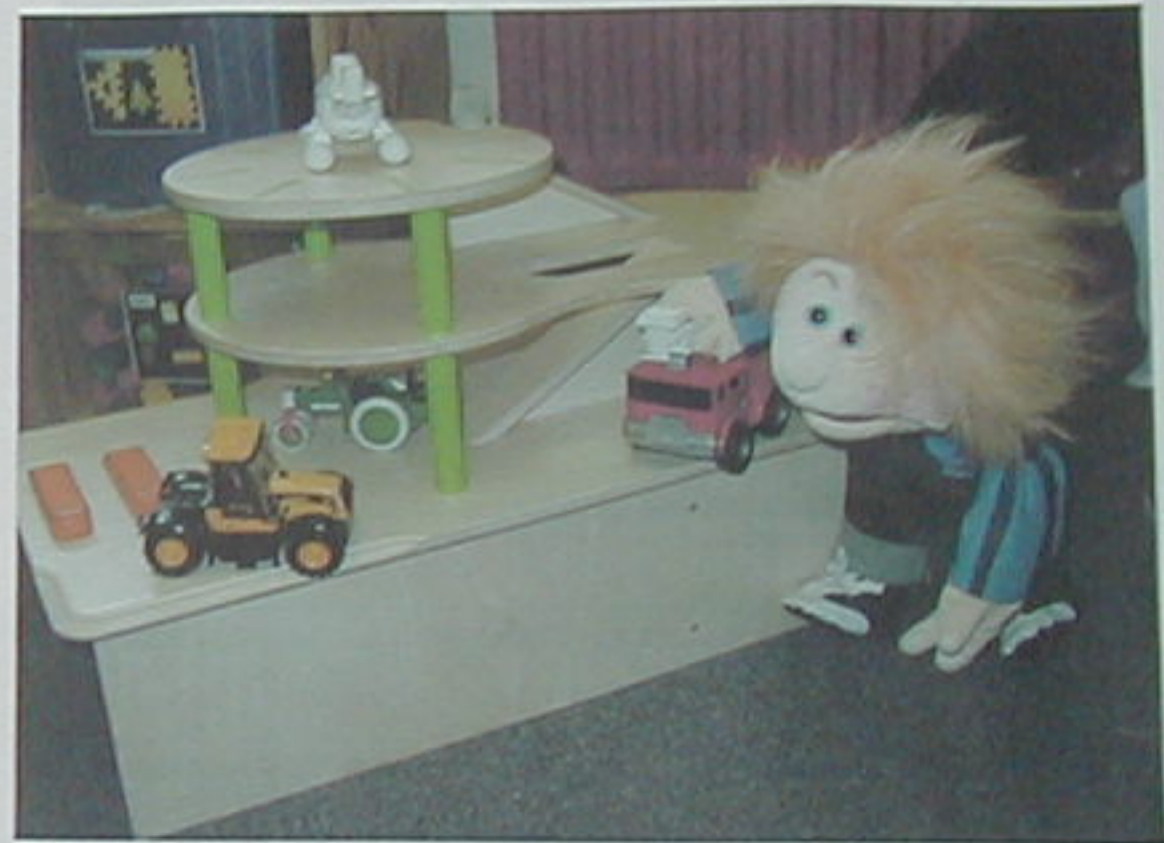

Then Louis sees Janet

She looked after him and played with him on his taster day. Louis feels happier now

Mummy says goodbye and Janet helps Louis settle with one of his favourite toys

Louis knows mummy will come back when he's finished playing
