Lincolnshire County Council continues to be committed to developing and retaining more people in its children's workforce, improving their skills, aiming to ensure that all individuals have access to high quality continuous professional development (CPD).

To discuss training opportunities in Lincolnshire please contact the Early Years Workforce Development Team based within the Birth to Five Service.

This passport is designed to help you to keep a log of the training that you have attended, and more importantly what was learnt in order to review and improve practice.

Acknowledgement

Many thanks to those above who have agreed to be included in this document. So many graduates have been 'grown' recently within the early years sector of Lincolnshire, very hard to be able to promote each and every one of you but we do commit to shouting about your achievements whenever and wherever possible in the future
